

21 NCAC 08G .0401, is proposed to be amended as follows:

.0401 CPE REQUIREMENTS FOR CPAS

(a) In order for a CPA to receive CPE credit for a course:

- (1) the CPA must attend or complete the course;
- (2) the course must meet the requirements set out in 21 NCAC 08G .0404(a) or (c);
and
- (3) the course must increase the professional competency of the CPA.

(b) The Board registers sponsors of CPE courses. A CPE course provided by a registered sponsor is presumed to meet the CPE requirements set forth in 21 NCAC 08G .0404(a) if the sponsor has indicated that the course meets those requirements. However, it is up to the individual CPAs attending the course and desiring to claim CPE credit for it to assess whether it increases their professional competency.

(c) A course that increases the professional competency of a CPA is a course in an area of accounting in which the CPA practices or is planning to practice in the near future, or in the area of professional ethics or an area related to the profession.

(d) Because of differences in the education and experience of CPAs, a course may contribute to the professional competence of one CPA but not another. Each CPA must therefore exercise judgment in selecting courses for which CPE credit is claimed and choose only those that contribute to that CPA's professional competence.

(e) Active CPAs must complete 40 CPE hours, computed in accordance with 21 NCAC 08G .0409 by December 31 of each year, except as follows:

- (1) CPAs having certificate applications approved by the Board in April-June must complete 30 CPE hours during the same calendar year.
- (2) CPAs having certificate applications approved by the Board in July-September must complete 20 CPE hours during the same calendar year.
- (3) CPAs having certificate applications approved by the Board in October-December must complete 10 CPE hours during the same calendar year.

(f) There are no CPE requirements for retired or inactive CPAs.

(g) Any CPE hours completed during the calendar year in which the certificate is approved may be used for that year's requirement even if the hours were completed before the certificate was granted. When a CPA has completed more than the required number of hours of CPE in any one calendar year, the extra hours, not in excess of 20 hours, may be carried forward and treated as hours earned in the following year. A CPA may not claim CPE credit for courses taken in any year prior to the year of certification.

(h) Any CPE hours used to satisfy the requirements for change of status as set forth in 21 NCAC 08J .0105, for reinstatement as set forth in 21 NCAC 08J .0106, or for application for a new certificate as set forth in 21 NCAC 08I. 0104 may also be used to satisfy the annual CPE requirement set forth in Paragraph (e) of this Rule.

(i) It is the CPA's responsibility to maintain records substantiating the CPE credits claimed for the current year and for each of the four calendar years prior to the current year.

(j) A non-resident licensee may satisfy the annual CPE requirements including 21 NCAC 08 G .0401 in the jurisdiction in which he or she is licensed and currently works or resides. If there is no annual CPE requirement in the jurisdiction in which he or she is licensed and currently works or resides, he or she must comply with (e) of this rule.
